

LIFE FORCE[®] INTERNATIONAL GOTMY3 CUSTOMER DETAILS

FREE PRODUCT QUALIFICATION

A Customer who enrolls three or more Customers each with a Spark Pack on Autoship may be eligible to receive their own Spark Pack products for free. Applicable shipping and tax always apply in full for both purchased and free product packs earned.

To qualify, an individual must have an Autoship with Spark Pack QV. When the individual's Autoship is processed, they must have three or more Customers personally enrolled and placed on their first level who had Spark Pack orders processed any time in the previous month. The criteria that is used to determine how many Spark Packs an individual will earn free is calculated by applying one-third of the total personally enrolled Customers' (minimum of three Customers) Spark Pack volume as the maximum volume of Spark Pack product an individual will receive free on their next Autoship.

Only one Autoship order is eligible per month on any account, and no more than two Spark Pack products may be received for free. Any personally enrolled Customer Spark Pack order can only qualify toward a single Autoship toward earning free product.
